Elshad Hi
I assume you're busy in Davos. However let me know whether we can set a meeting with Mr. Teshuva next week on Thursday afternoon in Europe. I assume that some of you remain there for the Munich Conference.
I'm flying to NY in an hour and will land around 2pm Davos Time. Pl try call me so we can set it.
Best

I've raised with him again my idea of possible cooperation between Leviathan Consortium of which he is the major shareholder and SOCAR which might include certain access for him into TAP/TANAP, certain understandings re the Turkish market and probably cooperation in the Balkans or even in the development of Leviathan.
